COMPANY OVERVIEW

Impact Concrete is a leading commercial concrete contractor specializing in structural concrete, heavy civil infrastructure, wastewater structures, masonry, and large-scale site concrete construction throughout Florida.

We deliver full-scope concrete packages supporting projects from early earthwork through vertical completion, providing the manpower, equipment, technology, and field leadership necessary to execute complex commercial and infrastructure projects safely, efficiently, and on schedule.

Our team partners with leading general contractors, municipalities, developers, and infrastructure builders on projects where **precision, accountability, coordination, and production performance** are critical.
